

**AMENDMENTS TO THE SPECIFICATION**

A Second Substitute Specification is enclosed herewith, wherein the term "Velcro" is replaced with "hook-and-loop," a reference to the term "Claims" is deleted, and "at least one buoyancy element" at page 2 is further defined with language from original claim 14 and consistent with present claim 15. No new matter is added. A comparison document of the Second Substitute Specification with the Substitute Specification is also submitted herewith.
